Company Profile

Description

: In an era that demands sustainable solutions, our company is present as a pioneer in kenaf cultivation with a strong commitment to preserving the earth and the welfare of the global community. We offer high quality products in the form of environmentally friendly kenaf fibers, cores, and leaves, ready to meet the needs of industry and markets throughout the world. Our Vision: To be a global leader in providing sustainable natural ingredients that support environmental conservation and improve community welfare through the cultivation of beneficial green plants. Our Mission: Preserving the Earth: We are committed to maintaining the balance of the ecosystem through efficient and environmentally friendly kenaf cultivation, which not only reduces the carbon footprint but also enriches the soil. Prospering Communities: We work to improve the welfare of communities by creating jobs, empowering local farmers, and providing high-value products that support industrial needs around the world. Sustainable Innovation: We continually innovate in cultivation and production techniques to ensure that our products not only meet the highest quality standards but also promote long-term sustainability. Our Products: Kenaf Fiber: Strong, lightweight, and versatile, our kenaf fiber is the top choice for a variety of industrial applications, from automotive to textiles. Kenaf Cores: Our kenaf cores are known for their strength and absorbency, making them ideal for insulation, packaging, and agricultural products. Kenaf Leaves: Rich in nutrients and health benefits, our kenaf leaves offer a natural solution for the food, pharmaceutical, and agricultural industries. Why Partner with Us? We not only offer high quality products, but also establish mutually beneficial partnerships with the principles of transparency and sustainability. With our experience and expertise in kenaf cultivation, we are ready to collaborate to provide natural solutions that support a greener and healthier future. Our Slogan: "Save our earth by cultivating useful green plants!" Come join us in our global effort to protect the earth and empower communities through kenaf cultivation. Together, we can create a real and sustainable positive impact for future generations. Collaborate with Us: We invite potential buyers and partners throughout the world to establish mutually beneficial cooperation. With our superior products, you can contribute to environmental conservation while meeting your industrial needs with environmentally friendly and high-quality materials.

Business Type

: Exporter and Producer

Main Product

: Kenaf Fiber, Core, and Leaves

Year of Establishment

: 2023

Export Percentage

: -

Scale of Business : Medium
Email : mukhamadmustaqim123@gmail.com
PIC : MUKHAMAD MUSTAQIM
Telephone : Director
Verify Date : 16 August 2024
Kategori Produk : Agriculture

Trade Capacity

International Commercial Terms : FOB
Terms of Payment : LC
Export Year : -
Export Percentage : -
Total Annual Revenue : 0
Export Market : -
Export Port : -

Production Capacity

Factory Address : Wonorejo Street
Total Manpower : 13
Production Capacity : -
