Company Profile

Description

: Narasi Vanilla (CV. Narasi Pangan) Our journey as vanilla farmers began decades ago, rooted in a tradition established in the late 1980s when communities in our village and surrounding areas first began cultivating vanilla. This heritage has shaped our deep understanding of vanilla and our unwavering commitment to quality. Vanilla is the result of a long journey — a process built on patience, dedication, and perseverance. Behind every bean lies the story of Indonesian farmers: their hard work, dreams, struggles, and commitment to preserving the land for future generations. At Narasi Vanilla, we manage the entire business chain from farm to table, beginning with our own farms and continuing through careful curing, processing, and product development. Every step is handled with transparency and consistency to ensure premium quality while honoring the people and nature behind our products. In 2019, we expanded beyond cultivation and entered the global market, exporting premium vanilla beans to the United States, Europe, the Middle East, Asia, and Africa — continuing our growth while sharing the richness of Indonesian vanilla with the world. In 2020, we diversified our offerings by developing a range of value-added vanilla products, including vanilla extract, vanilla powder, and vanilla paste, crafted to meet international standards and the evolving needs of customers worldwide. Through Narasi Vanilla, our story continues from the farms of Indonesia to dining tables around the world — proving that quality, honesty, and authenticity will always find their way.
