Company Profile

Description	: PT. Madalle's Coffee Trading is a powerhouse of coffee history and culture. Centuries of cultivation and paralleled natural gifts have given rise to beans unlike any other in the world. And yet, how many people with their morning coffee even know where this remarkable country is? We are on a mission to introduce Indonesian beans to broader audiences such as Europe, the United States of America, Japan, and beyond. We serve only premium coffee as a green bean or roasted bean. Starting with LaSolana farm technology, We work exclusively with "Kopinta Cooperative" producing High score Arabica green beans from the region of South Sulawesi famous called Kalosi – Toraja.
