Company Profile

Description	: PT. Damar Tree Krui Indonesia is a 3rd generation family owned business that started in the 1960s harvesting Damar gum and other natural ingredients in the village of Krui, off the coast of West Lampung, Indonesia. The family's landlord status of the native Shorea Javanica forestry became the key to the company's success in ensuring Sustainability and Quality of its Damar gum. Our forestry has existed long even before our business existed, and have mostly matured to its productive age to produce Damar gum sustainably for our clients.
