Company Profile

Description

: Join us on a journey to a greener future with Prima Jasa Boga, the innovative company revolutionizing the energy industry with premium quality rice husk pellets. From turning wasted by-products into eco-friendly biomass to offering a dual energy and animal bedding solution, we are dedicated to providing cost-effective and sustainable solutions. At Prima Jasa Boga, sustainability is at the heart of everything we do. We source our rice husk from responsible, eco-friendly sources and use cutting-edge technology to create dense, high-quality pellets. Our strict quality control measures guarantee every product's consistency, reliability, and safety. We aim to create a better future for our generations by providing sustainable energy solutions. Our team of experts is committed to using the latest technology and techniques to produce high-quality rice husk pellets that can be used for biomass energy or animal bedding. Our rice husk pellets offer numerous advantages over traditional fossil fuels. They are the ideal alternative for biomass energy with a high calorific value, low moisture content, and easy storage and transport. Plus, they burn cleanly, emitting fewer pollutants and improving air quality. Our rice husk pellets provide an organic, natural, and biodegradable solution for animal bedding that keeps living areas hygienic, dry, and odor-free. Soft, absorbent, and free from harmful chemicals, they ensure the comfort and health of your beloved pets. We are committed to making a difference. We are proud to serve our customers with care and attention to detail and help Indonesia's people. Experience the greener future with us today! Websites : www.primajasaboga.com
