Company Profile

Description	: Our company is an Indonesian exporter of coconut products. We specialize in exporting coconut charcoal briquettes for shisha and BBQ, virgin coconut oil (VCO), desiccated coconut, and organic coconut sugar. Our coconut charcoal briquettes are made from high-quality coconut shells and are a popular choice for shisha and BBQ enthusiasts. They are easy to light and burn longer than traditional charcoal, making them a great value for customers. Our virgin coconut oil is extracted from fresh coconut meat using a cold-pressed method, ensuring that all of the natural nutrients are retained. It is a versatile product that can be used for cooking, baking, or as a natural beauty product. We also export desiccated coconut, which is dried and shredded coconut meat. It is a popular ingredient in many baked goods and can also be used as a topping for desserts or added to smoothies. Finally, our organic coconut sugar is a natural sweetener made from the sap of coconut palms. It is minimally processed and retains all of the natural nutrients and flavors of the coconut palm. Our company takes pride in providing high-quality coconut products to our customers around the world. We ensure that our products are ethically sourced and sustainably produced, and we are committed to promoting the benefits of coconut products for a healthy and sustainable lifestyle. The business is known as Coconutnesia / PT. Coconut Indonesia Utama is a legitimate, established business in Indonesia. Company website: https://coconutnesia.com
